1. Embassy, after checking several sources, has not been able to get any confirmation of a report emanating from Washington of the alleged execution of two persons released from La Plata jail within the last few days.

We would need names, other identifying information and date of this incident if available, to check further.

2. In addition, the Embassy has had no reports of killings for the last month.

EX: Harris & we
heard something
about
prison transfers
to Corrala
or hostage
for Videla's
safety there?
Any other
relevant
pieces of
info we
have?

?
